Tips for Selecting Guests

- Pray for God's leading as to who to invite as your guests. Review your **personal contact list**. There are people on that list that would actually appreciate your invitation.
- Consider the **8-15 people God placed in your life** who you interact with regularly. (ex: hairdresser, barista, mechanic, insurance agent, cashier at Safeway/Costco/Smart Final/Grocery Outlet)
- Consider **work associates**. Even **customers**. This is a great opportunity to create a deeper bond with those you already know.
- Consider **neighbors**. Print out a PDF Flyer and walk it over to them and personally invite them. They can only say Yes or No or Maybe. They will certainly appreciate your thoughtfulness.
- Consider **church friends**. But understand that this is an outreach opportunity for everyone; it's not meant to be another church event for Christians only. Nevertheless, consider your church friends that could be greatly encouraged in their faith by hearing these powerful testimonies.
- Consider **unchurched friends**, believers who have given up on the church, or distant from God or backslidden.
